Mission Statement for Physical Education at Croftway Primary Academy

Through our Physical Education Curriculum and School Sport (PESS) Programme we aim to:

Offer a *High Quality*, engaging PE Curriculum and a broad range of extra-curricular activities that;

- **Encourage and produce high quality outcomes** for Croftway pupils (*refer to the 10 High Quality PESS outcomes document on our school website – PE & sport section*)
- **Encourage and enable all children** and young people, whatever their circumstances or ability, **to take part, enjoy and progress** in and through PESS
- **Encourage & promote young people's health & wellbeing**, developing their joy of being physically active
- **Develop and build individual pupil's physical competence and confidence**, and their **ability to use these to perform in a broad range of activities**

Why we feel this area of learning is important at Croftway:

To enjoy healthy, active and fulfilling lives, children must learn to respond positively to challenges, be enterprising, manage and handle risk and to develop self-confidence and their physical competence and capabilities.

PE lays the foundations for long-term wellbeing & contributes to children's physical, mental, social, emotional and economic development. It is central to their development as confident individuals.

Through PE and school sport, children should build their knowledge and understanding of their bodies in action and the importance of regular, vigorous physical activity, good nutrition and rest for a healthy, balanced lifestyle. Through PE and other physical activities, they learn to develop their **A**gility, **B**alance, and **C**oordination, body control and dexterity.

Children also learn about their responsibilities both as individuals and members of groups and teams. They learn to cooperate and to compete fairly, understanding their own and others' roles. As they become more confident in PE, children develop a growing self-awareness and a commitment to self-improvement. They should begin to understand the many health benefits of leading an active lifestyle make informed decisions towards actually leading active, healthy lifestyles.

They raise their aspirations, set goals and work to achieve them, seeing how this will influence their opportunities in education, leisure and in future life

Effective use of Primary School PE and School Sport (PESS) funding at Croftway Primary Academy

Context: Since 2012, we have demonstrated a significant and increased commitment towards improving our PESS provision by:

- **Employing a former Advisory Teacher of PE as an *AST for PE* in order to:** raise the subject's profile and improve standards of pupil attainment in PE; Lead the development of PESS within the school by providing internal and external professional development for staff by working alongside them in lessons to increase their subject knowledge, confidence and ability to improve consistency and quality of planning and teaching
- **Offering & providing bespoke professional development** support opportunities for our own staff and those in other schools, using our own children and facilities to share and demonstrate outstanding practice in PE
- **Financing installation of new KS2 Multiskills playground marking zones and more challenging KS2 play equipment** to improve our previously very limited playground areas
- **Investing time and energy in establishing, training and supporting our Y6 children as *Young Sports Leaders*, enabling them to plan, lead and mentor children of all ages in playground games & lunchtime activities** (60% + of Y6 children trained annually)
- **Establishing a new PE uniform** linked to a new house system, to improve; standards of appearance, pride in house representation, commitment to self-organisation and encourage inter-house sports competitions
- **Making increasing use of ICT and I pads in PE** to improve pupil understanding and performance

Context regarding PE and sport funding:

From **September 2013**, the government began providing additional funding of £150 million per annum to improve quality and breadth of physical education (PE) and sport provision in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - was allocated to primary school Headteachers and is ring-fenced - to be spent on provision of PE and sport in schools.

We have committed **previous PE & SPORT FUNDING** amount to the buy into our local **SSP Network** i.e. Blyth Bedlington School Sport Programme Service Level Agreement. This commitment has and still helps us to ensure **impact and building sustainability** of the partnership, through whom, we are accessing the comprehensive list of services detailed on the next page, (which has included 1:1 Professional Development for staff via Specialist PE Teacher support and access to an **extensive and strategically planned programme of level 1,2 & 3 competitions and festivals** for our children throughout the year.

(See significantly increasing participation impact figures on p4 -6 and excel spreadsheet)

Use of PE Sports Premium (2017-18)

AMOUNT RECEIVED: (£11,305 received in November 2017 and £8075 in March 2018 = **£19,380**)

1. **Buy in to Blyth & Belington School Sport Programme SLA= £10.000** (Refer to Page 4 -6 and additional excel spreadsheet for detailed participation and competition statistics)

USE OF INCREASED FUNDING AMOUNT :

2. **Purchase of Create Development “Real PE” High Quality Resources and accompanying PD package (3 days practitioner course for 2 x KS1 /EYFS staff.= Cost: £1500**
Impact: 2 Teachers attending 3 day practitioners course gaining knowledge and understanding to aid roll out of the Real PE from Sept 2018 EYFS & KS1 to support confidence, pupil engagement, enjoyment and progress via thematic, Higher Quality PE lessons for pupils.

Monitoring:

Overall participation statistics and impact data is recorded by the SSP Manager, PE lead and our School Admin record weekly attendance figures , (registers taken by staff running PESS clubs). These impact figures are monitored and tracked termly and totalled annually by the Lead Teacher for Physical Education , feeding into any Governors/ Trustees reports or kite mark applications etc

PE attendance, kit, individual and class progress and attainment data is plotted and monitored by the Lead Teacher for Physical Education on an ongoing basis. Pupils are made well aware of our high expectations in PESS and strive towards displaying the **10 High quality pupil outcomes** detailed on the highly visual banners in the Spartan Centre Foyer and on our school website (PE and Sport section).

Successful applications for both The **Sport England Primary Spaces Improvement grant** and the **National “AfPE High Quality Mark” (awarded with distinction)** have supported the monitoring and self-evaluation process. *The afPE Quality Mark 2015 -18 .with distinction (endorsed by DfE) has also provided an independent endorsement of the High quality of PE and sport in our school. It has raised the profile of the subject and the school both locally and nationally and recognises and celebrates the high quality work that is being undertaken on a day to day basis in PE at Croftway.*
